Bristol, UK | 07733620478 | rizwanrizz808944@gmail.com | linkedin.com/in/rizwanks

PROFESSIONAL SUMMARY

MSc International Business Management graduate with practical experience in operational data handling, record accuracy, stakeholder coordination and process improvement. Developed analytical skills through Excel-based data-quality improvements and a Power BI/Power Query customer satisfaction project involving multiple related datasets. Comfortable preparing and checking data, investigating inconsistencies, building visual summaries and communicating findings clearly. Brings strong attention to detail, a structured problem-solving approach and a clear interest in developing further in business intelligence and reporting.

TECHNICAL & ANALYTICAL SKILLS

Power BI & reporting: Dashboard and visual reporting concepts, charts, tables, presenting patterns and findings
Power Query & data preparation: Preparing and organising datasets, checking missing values, reviewing duplicate identifiers
Excel & data quality: XLOOKUP, COUNTIF, PivotTables, conditional formatting, data validation, consistent date entry
Data analysis: Review-score analysis, comparing categories, identifying patterns and investigating inconsistencies
SQL: SQL fundamentals: SELECT, WHERE, ORDER BY, COUNT, SUM, GROUP BY, HAVING, LIKE, BETWEEN and IN
Stakeholder communication: Clarifying operational needs, coordinating with colleagues and external organisations, communicating follow-up actions
Business tools & ways of working: Jira; structured record keeping; process improvement; documenting information clearly

PROFESSIONAL EXPERIENCE

Welfare Officer | SOS Property Management, Bristol | June 2026 – Present

- Maintain accurate, up-to-date resident and operational records, supporting consistent information handling and reliable day-to-day processes.
- Coordinate with colleagues, support services and external organisations to share relevant information, resolve operational issues and follow up actions.
- Record resident arrivals, complete welfare checks and escalate concerns to the appropriate teams.
- Handle sensitive information responsibly and follow established procedures, with close attention to accuracy and confidentiality.

Welfare Officer | Sharp Catering Hotels Ltd | July 2025 – May 2026

- Created an Excel calendar-based date picker using a standard DD/MM/YYYY format to improve consistency in date entry.
- Used conditional formatting to highlight duplicate unique IDs, helping identify potential data-entry errors for review.
- Maintained resident arrival, welfare-check and site activity records, keeping information organised and accessible.
- Communicated operational issues with colleagues and site management and supported follow-up actions.

BI & DATA ANALYSIS PROJECT

Customer Satisfaction Analysis | Olist E-commerce Dataset | Power BI, Power Query

- Analysed customer review scores to investigate low customer satisfaction and explore patterns across product categories, sellers and delivery performance.
- Prepared and organised five related public datasets using Power Query, checking missing values and reviewing repeated review identifiers as data-quality considerations.
- Used Power BI charts and tables to present review-score patterns and compare areas for further investigation.
- Summarised potential customer-experience improvement opportunities from the analysis, using visual outputs to support clear communication of findings.
- Tools: Power BI, Power Query. SQL and DAX were not used for this project.

EDUCATION

MSc International Business Management | University of West London | Oct 2023 – May 2025
Bachelor of Business Administration (BBA) | M.E.S. College Marampally
